PPCleaner

This program lets you delete all contacts, calendar items and tasks on your Pocket PC or Smartphone (Smartphone version soon to come). Removing the connection to an Exchange server or account only removes the synchronized. However, if you are using an Exchange server then please remove the connection to it in ActiveSync.

Agree by clicking "I see"

The main window

Download PPCleaner

This program is released as "free of charge" (which is not the same as "free"). You may download and use the program without limitations. You may not, however, sell or alter this program in any way, shape or form without permission. Click here to start the download the Pocket PC version (164 kB).

You don't need to register, but it's nice if you do. ;)

Installation

Pocket PC: Copy the downloaded exe-file to your PPC and run it.

Planned features

- Deleting favorites in IE
- Empty cache in IE
- Delete other e-mail accounts
- Delete all notes
- and so on...

If you are missing any features, found a bug or have some ideas, please contact me!
